

Establishing and Securing Appraisal Systems

Montpelier Primary School

Programme Lead	Am Rai, Montpelier Primary School
Focus Group	Middle and/or Senior Leadership
Time Offered	To be agreed
Cost	£650

Where the leadership of a school is new, or as capacity fluctuates, the West London Teaching Alliance can provide support to ensure that a comprehensive system of appraisal is established and implemented.

Support varies, with some schools only requiring support initially whilst others request input at different points during the annual cycle.

This support works best as part of middle leadership training although it can be completed as a separate entity, focusing upon the system, if so required.
