It is recommended that a school commissions a pupil premium review if they identify issues with the school's provision. WLTA is offering support from a system leader to help you develop a more effective strategy for using the pupil premium in your school.

## Content:

This is an audit of existing practice that runs over 4 – 5 days in a term. During the review, there is an evaluation of teaching and its impact upon pupils in receipt of the grant together with a consideration of existing provision and interventions.

The review is a thorough process and is planned in agreement with the Head Teacher (or responsible senior leader). The review is completed with the production of an action plan which is reviewed up to one term after its implementation.
